Playground Superscoops

To: Park Commission / Town Board
From: Jerry Wagner
Re: Pioneer Playground Superscoops
Date: February 6, 2012

Town staff would like the Park Commission and Town Board to approve the purchase of two Superscoops for the Pioneer Park playground. The two Superscoops we have in the playground are in need of repair upon inspection in 2011. Gerber Leisure Products inspected them as well and quoted us a price to fix both. The Town budgeted \$1,398 for this maintenance item in the 2012 budget. Please review and approve the quote for \$1,373 from Gerber Products to fix these two pieces of playground equipment.

Gerber Leisure Products Inc.

RE: Superscoop retro-fit and standard for Pioneer Park

Jerry,

The pricing has gone up 3% since last August. The new pricing is reflected below.

There are a few ways to go. You can get a retro fit scoop for the standard scoop you already have. It would allow you to use the existing footing and simply replace the top mechanism. There is also a retro kit that besides using the existing footing, you could also use your existing seat. Those costs are as follow:

124015B Retro Kit for Standard Superscoop, with new seat and bearings, no footer
Total Cost Delivered \$608.00

124015A Retro Kit for Standard Superscoop, new bearings, no seat and no footer
Total Cost Delivered \$556.00

There is not a standard Superscoop retro kit that will fit on the surface mount footing that you currently have under the Accessible Superscoop. If you wanted to replace the Accessible Scoop with a standard Superscoop complete with direct bury footer, the cost follows. I also have a cost for a Standard Superscoop with a direct bury footer with no seat in case you have an extra seat from an old scoop. Those costs are as follow:

123831A Standard Superscoop, direct bury footer, complete with seat
Total Cost Delivered \$765.00

123831mod Standard Superscoop, direct bury footer, no seat
Total Cost Delivered \$680.00

These prices are for 2012 only. Please let me know if you have any questions. Lead time is approximately 2 weeks or less.

Additional Port-a-Pottie

To: Park Commission / Town Board
From: Jerry Wagner
Re: New Port-a-Pottie
Date: February 6, 2012

Town staff would like the Park Commission & Town Board to approve the purchase of an additional port-a-pottie at a cost of \$668.19 to replace the one we currently rent from a vendor for \$200 a year for special events at Pope Park. We would set this unit up near baseball diamonds #3 and #4 at Pioneer Park when there are no special events at Pope Park. This would allow for two port-a-potties there when the baseball season is going on. The Town budgeted \$700 for this in 2012. Please see the attached proposal from Satellite Industries.

Park Signs

To: Park Commission / Town board
From: Jerry Wagner
Re: Park Development / Sign Replacement
Date: February 8, 2012

Town staff would like the Park Commission and the Town Board to approve the purchase of two new Pope Farm Conservancy signs at a cost of \$3,000 and one Goth Conservancy sign at a cost of \$1,600. The 2012 Park Development Fund has \$4,600 budgeted for these items. Please see the attached proposals from Bush signs.

Northern Lights Trail Easement

To: Park Commission / Town Board
From: Jerry Wagner
Re: Northern Lights Trail Segment
Date: February 9, 2012

Town staff would like the Park Commission and Town Board to approve monies to develop a segment of trail located within the Northern Lights Estates Plat. Vierbicher's cost for locating and staking the trail segment is estimated to cost \$1,000. Estimated cost for the crew to clear the trail and remove invasives within the easement is estimated at \$1,300. Park Development budgeted \$2,300 dollars for this 2012 project.

In conclusion, staff would like to have \$2,300 approved out of the 2012 Park Development Budget to stake and clear the trail easement of trees and brush.
